

# Meet Black Women In Science

*Save the Date*

TUESDAY

FEBRUARY 2ND 2021

1:00 - 2:00PM

## Meet Your Science Deans

*Dr. Nichole Vaughan is a Jamaican transplant who moved to Florida in 1991 to attend the University of Miami where she completed her Bachelor's of Science in Biology. She obtained a Master of Science in Medical Laboratory Science from Florida International University, where she also obtained her Ph.D. in Biology with a focus in Immunology. She is currently serving as the Interim Dean of Science.*

*Dr. Jonelle Orridge attended St. John's University and received a Bachelor of Science degree in Biology with a minor in Environmental Science. She completed her Ph. D in Ecology, Evolution and Animal Behavior at the City University of New York (CUNY) Graduate School. She is now serving as Interim A.D. of Science and Wellness on North Campus.*

## Meet Your Science Professors

*Dr. Asha Nurse has a B. Sc. in Physics from Spelman College and a doctorate in Mechanics of Solids from Brown University. She is now an Assistant Professor of Physics at Broward College's North Campus..*

*Dr. Latanya Fisher received both her Bachelor's in Biochemistry and Doctorate in Biotechnology from the University of the West Indies (UWI), Jamaica. She is now an Adjunct Professor in the Biological Sciences Department, at Central Campus.*

## Meet Your Lab Technicians

*Shari Campbell is the Director of Compliance and Quality Assurance at a national hemp and cannabis testing laboratory. With a Bachelor's degree in Biochemistry and a Master's in microbiology and cell science, Shari is currently pursuing a dual MD/PhD degree.*

*Nerine Bennett is the Science Lab Manager for the Physical Sciences. She oversees the Chemistry, Physics and Earth Science labs at BC's North Campus. She has worked at Broward College for the last 27 years.*

*Debbie Maxwell is the Science Lab Manager for the Biological Sciences on BC's South Campus. She oversees their Biology, Microbiology and Anatomy and Physiology labs. For 23 years, she has served Broward College.*

As a college student, you may be unsure of what path to take for your future. During this seminar, students will gain insight on the path taken by some of the African American employees of BC in the STEM field. Join us and hear the experiences of Caribbean Women in Science and find the inspiration to keep pushing on.
